

# SMALL DINGBAT INSTRUCTIONS

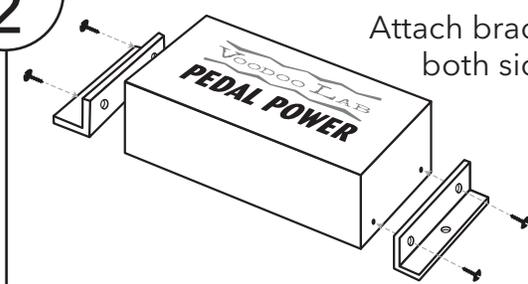

Congratulations on your purchase of a Voodoo Lab Dingbat pedalboard. Crafted from aircraft grade 6061-T6 aluminum, the Dingbat is durable, lightweight and a perfect match for the industry standard Voodoo Lab power supplies.

## Mounting the pedal power.

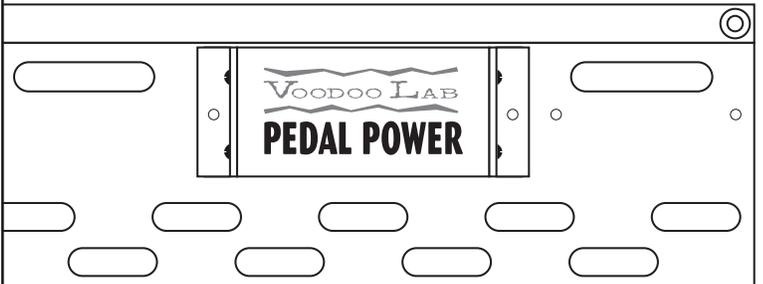

**Step 1** Remove 4 screws from Pedal Power cover.

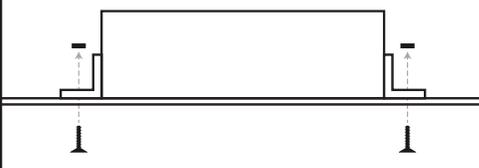

**Step 2** Attach brackets to both sides.

**Step 3** Align Pedal Power brackets to mounting holes.

**Step 4** Secure bracket to Dingbat with screw & nut.

## Attach pedals with supplied hook & loop fastener tape.

Suggested position for loop tape on Dingbat.
